

# **Title : Sulu State College (SSC) – College of Computer Studies and Engineering visited Davao City Hall and the City Information Technology Center (CITC)**

**Date : February 11, 2025**

Students from Sulu State College (SSC) – College of Computer Studies and Engineering visited Davao City Hall and the City Information Technology Center (CITC) on February 11, 2025, as part of the school's IT immersion program, which exposes students to real-world Information Technology (IT) environments. CITC created Power point presentations demonstrating ICT best practices used by the City Government of Davao to improve the efficiency and effectiveness of client service delivery, as well as an open forum session in which students can ask questions about specific CITC areas or divisions.
